Tuesday Night Pg-4

AMAZING TURNOUT FOR MUSEUM & PENNY DRIVE

The Guild School Penny Drive And Tour To The Museum Of Arts & Culture Was Very Well Attended. On Saturday April 22nd of 2006 several T-Club Members attended the Guild School Penny Drive at Francis and Ash. We were paired with the CARS club. We panhandled on the street collecting funds for the Guild School. We had several member from our club as well as members from the CARS Club of Spokane helping out. At 11:00 a.m. the T's left for a short tour and went to the Museum of Arts & Culture (formerly known as the Cheney Cowles Museum). There we met other club members. In total we had 16 Model T's, the Model N and One Model A. Harvey Dunham drove his Model A which was a nice surprise. Many of the members were dressed in period clothing for this event. We even had a visit from Ms. Teen Spokane during the drive.

Tour Season Of And Running— Check The Areas Events Page For More Information

Check the Articles on the Penny Drive, MAC Tour, Guild School Penny Drive and the Road Clean-up. If you haven't come out for club events for a while your really missing out. If you have toured you know how much fun we have had on tours this month.

There we also met Cheri Moore (past member), who is really interested in bringing their old 16-T to life and getting involved in the club again. She was invited and later attended the May meeting. Greg, Cheri and Heather are our other new active members. While traffic on Francis and Ash was slow at times, everyone's spirit and enthusiasm to the Guild School Penny Drive was great. Doughnuts and hot coffee was provided for the volunteers by the Bains Farmers Insurance Agency located on Francis. They were really gracious hosts for this event.

According to information we received (unofficially) our sources tell us that at our stop we raised over 38,000.00 and the most pounds of coins of any of the sites, although we did not raise the most money. Totals for the Penny Drive I hear are over 138,000.00. With the assistance of the CARS Club of Spokane, we blanketed the intersection with volunteers. Charley & Jean Almeda, along with Skidmores, Staceys and others worked hard to collect as much as they could before we had to leave. Suzie and Alan Stacey, and a couple of others were dressed in period clothing for both this event and the trip to the Museum of Arts and Culture. People were extremely generous with their change for this very worthy cause. With the results we can only say one thing: "Good Job T-Club and CARS club members!"

1915 – Couplet - photo - provided via internet.

ROAD CLEANUP WAS A TASTY TREAT: Wes & Karen Miller made the road cleanup a great success, even though it was a little chilly. Once the crew was done, Wes and the gang had an old fashioned cookout and picnic. Wes provided heaters for warming up and the food we hear was pretty darn good. It was a great way to do our community service while having some fun. Wes is planning more cleanups which I am sure will be really fun to go on. If you haven't joined the road cleanup crew, plan on doing so. It's great for our community and a real service to others. Plus it's always a lot of fun. Our hats are off to those who went to the 04/23/06 event. (Thanks for the photos Glen)

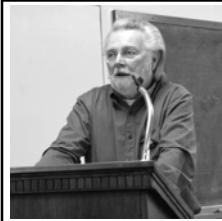

Meetings: There is no July meeting as the swap meet will take place. If you have time to work the swap meet contact Lee Burgess or Nan Robison.

Model T Club Minutes For May 05, 2006:

Inland Empire Model T Club June Meeting Minutes: Inland Empire Chapter Model T Ford

Club Meeting Minutes, May 5th, 2006: Lee B. called the meeting to order at 7:32pm. Mike R. welcomed Cheri Moore and Dan Coslic. There was a motion to approve the minutes as written in the Fender Chatter. It was seconded and approved. There was no Vice President's report. There was a motion to approve the Treasurer's Handout. It was seconded and passed. The Audit Committee gave their report. Sunshine Jean gave her report. The Safety & Seminar Report was given by Tom C. There was a motion to allow Norma Skidmore to buy chili for the safety inspection, amount not to exceed \$75. It was seconded and approved. Rick C. gave the Tour Report. Alan S. gave the Fender Chatter Report. There was no Roster Report. Glen W. gave the Photographer's Report. The Library Report was presented by Gene K. There was a motion to buy a stamp to use in library for the Club's things, not to exceed \$20. It was seconded and passed. Mike R. gave the Photo Album Report. **Old Business:** The Bylaw Committee was discussed. **New Business:** Millwood Town Hall has not allowed us to have refreshments anymore. If you have any ideas for a new venue, talk to Lee B. There was a motion to adjourn the meeting at 8:42pm. It was seconded and passed.

President's Monthly Chatter: President's Message June 2006

Wow, the touring season is off to a great start. This issue of our news letter is packed with information on the many events that our members have participated in. I would like to note that events like the Guild School Penny Drive, the MAC, the road cleanup and the Freeman Elementary School enhances our civic image and shows our club has a desire to contribute to the local community. I heard a rumor that another elementary school has expressed interest in our program on the history of the auto. There are more of these types of events planned for this summer and I hope we have good club participation. Also, I have noticed at public events that we don't seem to have any wearing apparel that identifies us as being club members. How about a nice short sleeved shirt with a club logo? Good idea? Let's hear from you and get something going before the summer is over. Congratulations to Dennis, he took his car home to finish the details. Now Craig Nelson's car is being worked on. And, thanks to Jim P. and all the guys for their hard work to help make it happen. Happy Touring. Lee

M.A.C. - Mutual Seduction: Cars and Costumes - cont.

After completing our tour at the Guild School Penny Drive, we toured to the Museum of Arts and Culture. There we met up with other T's and Carnegie's Model. N. In total we had 16-Mdl T's and one Model-A (Harvey Dunham). We were joined by a group of Hudson's as well. Our cars were on static display for guests to the museum to see. Many of our group were dressed in period clothing. The MAC provided free entry to the museum and snacks.

We had a variety of cars, and members who really dressed for this event. Glen and Hazel Whitely really looked the part, since a lot of the clothes on display in the MAC were almost identical to what they had on. Don Nelson surprised us and brought his 1910-Touring (pictured above). All in all we had a great turn out. Even Allen McSweeney drove up for this tour. It was a great time for all who attended.

T-Club Struts Their Stuff for 300 Kids:

The Freeman Elementary School tour was an outstanding success, thanks to the efforts of Bill & Samee Blattner from Hayden Lake, Lee Burgess, Mike & Dixie Crabb, Rick Carnegie, Mark Hutchinson, Gene & Carol Kicha, Larry Skidmore, and Jim Patterson. With all of grades 1 through 6 participating (for a total of about 300 kids!), the students definitely found out everything they never wanted to know about the Model T. Did you know that if you put all the Model T's produced end-to-end, they would stretch 1-1/2 times around the world? Thanks to a video and other resource materials supplied by the Model T Ford Club of America, an interesting and thorough history of the Model T and the industrial revolution was presented to all of the students. The kids got to sit in the cars and ask the owners all kinds of great questions, along with discovering what the pedals and levers did, and more importantly, how to honk the horns. It sounded like a parade with all those horns honking! The teachers and parents got more enthused about the Model T's than the kids did, and all of them repeatedly showed their thanks and gratitude for us bringing our T's to school. It was really a great experience for them and our club members. The kids were very well behaved and were sincerely interested in learning all they could about the car that put the world on wheels. After the school presentation, all the participants headed on to Rockford for a late breakfast at the Harvest Moon and a visit to a very nice gift and antique shop. The weather was a bit chilly, but otherwise sunny and great. The Palouse hills are very beautiful this time of year, and the route out through the Palouse Hwy and Valley Chapel Road would be a great weekend tour for the whole club. Thanks to all the club members and teachers who helped make this educational event a huge success!! Jim P. noted that "all" 300 kids sat in the T's. Gene noted they were very nice kids and well behaved.

Tuesday Hobby Night : We're Still Trying - Dennis Secaur wants everyone to know we're done working in his 14-speedster. We made significant progress and Dennis even got a ride in the fully operational car (sort of). The first trip out of the shop, the car was driven by Tom with Dennis holding on for his life. No it wasn't Tom's driving, it was due to the fact that Dennis's seat was not bolted down. He had to hang on or fall out. The car made a successful 3-4 block tour with all of the members there cheering them on. We are now on week 9, the car is essentially finished for Dennis. On 05/15/06 he took it home on his car hauler. Dennis thought he loaded up as many boxes that he brought in. But then he remembered the whole car was in boxes when we started. Dennis is anxious to get the car home and to the painters. We should see him on tours soon with his new toy (we hope).

Even Grant Lundin comes down to check on us. The past two Tuesdays we had a new member Dan Coslic and his son Justin, came to learn and see what we do. Dan has joined the club and bought his first T. He bought a 25 Roadster PU.

• **Model T Facts :** Supplying accessories for the car became an industry in and of itself - in the early 1920's, the Sears and Roebuck catalogue featured 5,000 different items for it. The original models came without a speedometer, windshield wipers, doors, and gas gauges.

Tuesday Night Continued : On a recent Tuesday night, Dave Robison was considerably late getting to Antique Auto. While the turnout for Tuesday night continues to be 20-25 participants, we all took notice Dave was late. (Normally Dave brings the doughnuts, so he's very popular). On this particular Tuesday night, Dave experienced some T-Trouble when he and his wheel parted company at Trent & Argonne right in the middle of the intersection. He ended up changing his tire right in the middle of the road. We found out that he had a split in the tube, which caused the tire to go flat and roll off of the wheel.

Tuesday night continues to be a real draw both for Antique Auto and for T Club members. Our members continue to work on a variety of projects getting their cars ready for the season. Dan Coslic told me he was amazed how many people show up and how helpful everyone is. He and Justin attended two Tuesday night sessions before he ever attended his first meeting. After his second hobby night he signed up as a new member. Now he says he's a "T aholic". That's a good thing we think.

Work continues on several projects. Nan, Mike, Tom and Mark are starting to work on their cars for the Montana 500. It won't be long till these cars are ready to compete. Craig Nelson has loaded his 26-T Roadster on a hauler and is ready to take it down for assembly. On Sunday May 14, 06 the car saw daylight for the first time in 30 - years. With his mother (Loretta Nelson/New Club Member) looking on, Dan Coslic, Alan Stacey and Craig Nelson pulled the old T out of it's resting place. It was a real treasure hunt as we found lots of extra parts, including a bunch of new "old stock" in boxes. Now it's loaded up and ready to be put together.

While digging in the garage at Loretta Nelson's Craig found lots of parts that his dad has collected over the years. Craig said most of the parts are 26-27 and will fit the "T " he is building. Craig is also already planning his first run once the car is up and running. Additional details on the run will come as soon as we have his car up and running. For now Craig has had a great time helping Dennis Secaur work on his 14-speedster and is now looking forward to working on his own car.

Our other new member Dan Coslic and his son Justin, are really getting involved in Tuesday night activities. Recently as noted, Dan bought a 25-T Roadster, Pick-Up. With the help of the Tuesday night crew, we tweaked it, and got it to the point he could drive it. Dan drove it for a few days, when he developed some serious engine problems. Dan is hoping to again get the Tuesday night crew to help him pull and rebuild the engine. Not to be deterred Dan is also planning on helping Craig Nelson and others work on their projects until he can get his in. Dan noted Tuesday night is a great way for a new member to learn about T's and how they are built or should we say re-built. Dan is looking forward to touring in his new "T" along with his son Justin. He is making a list of what the vehicle needs so he's ready.

Presbyterian Church Car Show Is More Than Just Cars

At the Presbyterian Church Carbeque on Saturday May-13-th at the Presbyterian Church on Pines Road. T-Club members brought their cars and they were a real hit with the public. Suzie Stacey drove our 1927 Roadster pick-up and took first prize in the Antique Division. The Red Cross Blood Mobile was there soliciting donations as well. Rick Carnegie and others donated blood for this worthy cause. The Church members sold plant starts, barbequed items and soft ice cream cones. Since it was a very warm day, the ice cream went quickly. There were about 95 cars total at this event. Also attending were the Antique Tractors and a full display from the miniature engine club. Cars ranged from Hot Rods to European classes. There was something there for everyone to see. We also ran into past T-Club members such as Roger Heins and his wife. Roger has invited the T-Club to come out to his place for a tour. He has an excellent (small) collection of collectables of all types. We recently had the pleasure of touring to his home last year with the Horseless Carriage Club. They were very gracious hosts and the tour of his loft was really interesting. This would be a great tour for the club to see. Also the Heins live on the South side of Long Lake and view is dynamite! Over all this show was a lot of fun. We look forward to doing it again next year. So should you!

“Spice Up Your Life” : Mississippi Mud Cake -Recipe courtesy Emeril Lagasse, 2006

2 cups all-purpose flour
 2 cups sugar
 1 teaspoon baking soda
 1/2 teaspoon salt
 1/2 pound unsalted butter
 1/3 cup cocoa powder

1 cup water
 1/2 cup buttermilk
 2 eggs, lightly beaten
 1 teaspoon vanilla
 8 ounces mini marshmallows

For the frosting:
 1/4 pound unsalted butter
 1/3 cup cocoa powder
 1/2 cup buttermilk
 1 (16 ounce) box confectioners' sugar
 1 teaspoon vanilla extract
 Pinch salt
 3/4 cup chopped nuts, such as pecans or walnuts, lightly toasted

Preheat the oven to 350 degrees F and lightly grease a 9 by 13-inch cake pan. Sift the flour, sugar, baking soda and salt into a medium mixing bowl. Place the butter in a small saucepan and, when melted, add the cocoa and water and bring to a boil. Add the boiling cocoa mixture to the dry ingredients and stir until just combined. Add the buttermilk, eggs, and vanilla and stir until smooth. Pour into prepared baking dish and bake until a toothpick inserted in the center of the cake comes out clean, 35 to 40 minutes. Transfer to a wire cooling rack and sprinkle the marshmallows evenly over the hot cake. Place the butter in a medium saucepan and, when melted, add the cocoa powder and buttermilk and bring to a boil. Remove from the heat and add the confectioners' sugar, vanilla, and salt and stir until very smooth. Pour the hot icing over the marshmallows on the hot cake and sprinkle with the nuts. Let cool to lukewarm before serving. Cake is best served warm or at room temperature.

Come join Jean and Charlie **Almeda** for a trip up the Columbia River the first weekend in August. Itinerary:

1. Tour the East side of the Columbia from Hunters to Kettle Falls.
2. Spend the night in **Colville**.
3. Travel to **Newport** via the East side of the **Pend Orielle** River for lunch.

REFRESHMENT SIGN UP:

Refreshments will no longer be served at the meetings. We received word from the Millwood City Hall folks, that under no circumstances will we be allowed to continue this time honored practice. Our thanks goes out to all of those who have participated and so graciously shared their cookies and other goodies with members. After the last meeting, members went to Dairy Queen in Argonne village. They welcomed us and said they would be happy to have us come back. Possible we can start a new tradition in the club. Thank you for your support.

Happy Birthday!!!! 21 and Holding:

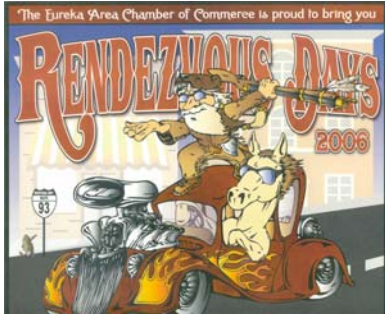

On Thursday May 11, 2005 at the King's Restaurant in the Spokane Valley Nan Robison got a real surprise. Thanks to the inception of Jillian Caples, Mike and Dave Robison and a few others a rather well planned surprise 50-th (oops) surprise birthday party was held. Attendance was good and those who came were kept well informed by the power of the internet. Activities began at 5:15 and continued for some time. Nan was very surprised and I understand we "all" may have to watch out for her in the future. She will get even I hear. We think that it may not have been as great as surprise as we thought. Rumor has it she was clued in via the internet. Looks like you can find anything on the internet if you really want to.

Happy Birthday Nan!

It Was A Fun Time In The Old Town!!!!!!!

It was a great time in the “Old Town” of Eureka Montana. On April 28-30 several club members traveled the 235 miles to Eureka Montana for a great weekend of shows, shooting, touring and food. Mike Cuffe and the other in Eureka went out their way to make sure we all had a great time. Some of us traveled up on Friday and either modeled it or camped out. George and Judy Hazard brought their T up on a car hauler behind their camper. Alan & Suzie took both their 5-th wheel and car hauler. This was the first time Suzie ever towed anything and she did the 470 miles towing the 27-T Roadster pick up with no problems. The weather for the Friday and Saturday events was excellent. However we had a large storm Saturday night, that knocked power out around the area for 2-3 hours. On Friday night we had a car show and barbeque with about 800 other Eureka residents. For \$20.00 we were treated to a floor show, dinner and dance. We more than got our monies worth. Mike Cuffe made sure all the T's got fed. T-Owners came from Spokane, Calgary & Red Deer, Alberta, & Kallispel, Missoula Montana. Charley & Jean Almeda drove their Corvette up for weekend.

The food was great, the music outstanding and the floor show a real laugh. The music continued for several hours for all to enjoy. On Saturday, several cars attended the Eureka parade, followed up by a car show at the end of the route. There we were joined by several Spokane folks. Tom & Susie Carnegie and Mike Robison drove their T's from Spokane to Eureka in about 6-hours, arriving just shortly after the parade. Nan & Dave Robison along with Janice & Mark Hutchison trailered their cars in following the arrival of Tom, Susie and Mike.

Calendar of Events

May 21 2006	Safety Inspection 9:00 a.m. Skidmore's Barn
June 10 2006	2nd Annual Tidyman's- Second Harvest Model T Open Car Show
June 17	Founders Day Parade Medical Lake
June 18- 21	Montana 500—Dillon Mt.
July 1,2,3	"Old West North Idaho Tour" Crankers Club Lewiston, Idaho
July 08	Early Ford V-8 Show Spo- kane County Fair Center
July 20	Downtown After 5:00 Car Show—5:30 P.M- INCC— T Meeting area is on Sprague and Howard.
Aug 05	James Dean Days-Open Car Show Chewelah
Aug. 05 & 06	Roll On Columbia Tour
Sept. 23 & 24th	Fall Heritage Festival— Dutch Oven Cookery
Oct. 01 2006	Model-T Driving School Green Bluff
Nov. 18 2006	Tom's Turkey Drive Open Car Show For Second Harvest Food Bank

Eureka Montana- Rendezvous Days Cont: Following the car show on Saturday, the T-er's split into two groups, one went to a locals house which has museum quality items and the other group went to the Buckskin encampment for some black powder shooting. Turns out Craig Nelson, could not make it to Eureka, but his .50 cal. Thompson did. Good thing too, since we ended up using the two guns brought by Alan Stacey. After a short demonstration by Alan & one of the camps members, everyone who wanted to shoot did get a chance to do so. Alan loaded the two muzzle loaders for about 2 hours for the group to use. Nan Robison hit her target the first try as did many others. Good Job Guys!

Our thanks to Craig Nelson, Charley Almeda, Mike Cuffe & Alan Stacey for arranging and helping those who wanted to try their hand at Muzzle Loading. It was literally a real blast ! Overall everyone had a great time at the Buckskin camp. There was lots to see and do. If you wanted to spend some money, that was not a problem. There was lots to buy. In addition, the Eureka Women's Quilters Guild sponsored a quilt show. Suzie Stacey entered two of her quilts and they drew a lot of attention. Suzie was asked to bring the quilt back in August for their big yearly quilt show. Looks like I'm going back to Eureka. Suzie did find things at the show that she couldn't live without (material).

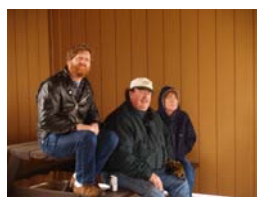

Overall, Mike, Abe and John worked hard to make sure we all had a wonderful time. Mike and Abe sponsored a seminar on Sunday, during the pouring rain. While the coil seminar was short, a lot of tire kicking and idea exchanges did take place. It was a great day, but Tom and Mike had to drive home and it did rain on the way home. Mike said he was just going to go so fast, he would go through the rain drops.

Overall It was a great time. If you missed this year, plan on going next year. Mike Cuffe plans even more surprises.

Overall It was a great time. If you missed this year, plan on going next year. Mike Cuffe plans even more surprises.

Overall It was a great time. If you missed this year, plan on going next year. Mike Cuffe plans even more surprises.

Suzie & I need your help and generosity. On Saturday June 10th, 06 @ Tidyman's on Sprague & McDonald Road we are running a car show for 2nd. Harvest. We need your T's badly. Cost is 10.00 or 5.00 & five cans of food. Come support a Club function for a great cause. We will have prizes & live music provided by The County Jammers. Thank you.
