A Monthly Newsletter

Our March 5 "Tour" took ten of our Model T Club members to the KSPS public TV studios to help them with their Spring fund raiser. Several of the club members have participated in this annual event in previous years.

The personnel at KSPS were great and thanks to Director of Major Gifts, Carol Neupert, made it a fun and educational experience.

Even though it was not a live broadcast we did take live incoming phone calls during the pledge breaks. It was a lot of fun and great to talk with the various people here locally and our Canadian friends.

We shared the responsibilities with ten members of the Spokane-West and Spokane-South Rotary Clubs and raised over \$14,000.

Our T Club volunteers included Jim and Betty Patterson, Janice and Mark Hutchinson, Gene Kicha, Nan and Dave Robison, Lee and Candy Burgess, Dan Coslic.

## Presidents Message ERIK HUTCHINSON

I hope it has been a good month for you and that you have been able to thoroughly enjoy the warming trend that we have had lately. Spring is here and so is the touring season! Since we are on the topic of tours, don't forget that I am now doing a "President's Tour of the Month" award to be given to the person that comes up with the best idea for a tour in a given month. To go along with that, at the end of the year banquet, I will be awarding a "Tour of the Year" award! So far this year we have the New Year's tour and the (R)ides of March tour in contention for the top honors with lots of time left for others to come up with great ideas!

I would like to discuss is the Ed Jepperson Scholarship. Currently we use the 50/50 raffle at the meetings to fund this scholarship. I believe that this scholarship is an important part of what our club provides to the community and I would like to see the scholarship amount grow to help offset the rising costs of education. I would like to challenge everyone to come up with ideas that could help make this scholarship fund grow beyond just the collections of the 50/50 raffle. Maybe expand the raffle? Set up a silent auctions at the meeting? It does need to generate lots of money and it does not need to be elaborate since every little bit we can contribute will help.

So, plot ideas for new tours to win yourself the "Tour of the Month" award and think about what we can all do to help out with the Ed Jepperson Scholarship fund. Till next time, keep (or get!) those Ts running and I will see you at the meeting!

I don't know how but I'm the new Editor of Fender Chatter. I opened my mouth and said I would assist.

But then this club would not be much without those who didn't open their mouth at the right(?) time and assist by donating their valuable time to make the clubs activities hopefully fun for all.

I'm assisting by bringing our events, stories, pictures, and experiences together into this, your forum.

Send in those experiences to the new newsletter email address at [fenderchatter@gmail.com](mailto:fenderchatter@gmail.com) by the 18th so that we can all "Learn from the mistakes of others. You don't live long enough to make them all yourself."

UPCOMING EVENTS - GET OUT AND PLAY!

 **April Events**

APRIL 25, 26, 27 EUREKA, MT RENDEZVOUS DAYS

It's coming soon! Plan for Fun! Go to the Rendezvous! Highlights from the Old Car Gathering will include a special award for Emile Hermary and Barb Burgess from Red Deer, AB at the Friday night barbecue. Don't know whether to try and keep it secret from them or not. What do you think?

Known as the largest antique car gathering between Spokane and Calgary, we normally pull in about 25 Model Ts and about the same number of Model A's and others of similar vintage. Including street rods, customs and everything, we had 150 cars in the parade and car show last year.

Special features this year include the 1911 Cole we started up last year plus an actual U.S. Army tank from World War I, as well as some early time Army Jeeps. And we always count on our Inland Empire visitors to show up with something special. The theme continues to be Hot Rods and Buckskins with a little emphasis on David Thompson's journey into this corner of Montana 200 years ago. You will get a copy of our Collector's Poster which features Thompson in a canoe rolling on wheels and powered by a powerful V8.

Parade starts at noon, car show runs about 1 to 3 pm, then we tour to Lundin Bros. farm vehicle museum, or take a scenic route, or take the route to the Mountain Camp where once again they will have targets set up for us on the black powder rifle range. This last one seems to be gaining in popularity.

Then we will tour to the border and back through the elk range on Airport Road to the Cuffe home above Tetrault Lake where we will BBQ, picnic and kick back in general. Sunday will be the Old Car Workshop. Don't know if we can top the Cole Startup Party from last year, but you never know. For sure we will do some tire kicking and trouble shooting. We are open to ideas for projects, presentations and whatever.

This Sunday morning gathering has become a nice time to exchange information from Calgary, Spokane and Missoula as well as an easy way to say farewell. Our little town truly appreciates all you folks who come over and bring those beautiful old cars. If you know some guys in other clubs, bring them along.

More info at <http://Eurekaevents.com/> or feel free to contact JoAn or Mike for motel or campground accommodations. (406)889-5777 or call Mike's cell at (406)293-1247.

APR 1

APRIL FOOLS TOUR

Mike Robison is leading this Tuesday night Fools Tour.

Instead of starting the normal Tuesday night working on T's then going for burgers and dessert, the process is reversed.

Starting at Antique Auto at 5pm Tuesday night, go for dessert, followed by Burger Time. Then back to Antique Auto for the normal Tuesday night activities.

Will the Fool be the one wondering where everyone is at 5:05pm on April 1?

APR 13

ROAD CLEAN-UP

Road clean-up

volunteers will meet at Frankie Doodles in downtown Spokane for breakfast at 9AM.

The "Travis-T" will lead a tour

heading south for the clean-up on 195 South by the WADOT Maintance Shed where the four lane turns into two lane road.

Following the clean-up will tour to Travis' abode for a BBQ.

May Events

MAY 10 / RAIN DATE IS MAY 17 KEEP IT SIMPLE SPEEDSTER & T RALLY

To: Spokane area T's and Speedsters;  
 What - A basic road rally for vintage speedsters and spirited Model T Fords.  
 Why - A slightly different way to have a good time with our cars. This rally will be a timed event (but NOT a race) intended for vintage (1934 and older 4 cylinder) speedsters and Model T Fords. The route will be in the range of 100 to 120 miles starting in central Puget Sound area. Starting location and route to be determined.

Assemble about 9:00 for coffee and donuts. At 9:30 will have a driver/navigator meeting to review the event rules, pass out maps, and highlight any areas of particular interest or concern. At 10:00 the green flag will drop with the speedsters followed by the stock bodied Model Ts. Expect checkpoint signs where you should stop and sign in and a trouble truck will provide assistance.

There will be a no-host lunch along the route. The finish will be back at the start point where there will be some beverages and snacks to enjoy as the rest of the folks complete the route.

The target time will be based on how long it takes Walt to drive the route in a speedster. Stock bodied cars will have a 30 minute adjustment to the target time as full bodied T's are usually somewhat slower than most speedsters.

This event is being sponsored by the Puget Sound Chapter of the MTFCA. For more information or to sign up for this event, contact:

**TOUR AND ACTIVITY REPORTS**

**Tuesday Nights**

Things are picking up a little bit now that the weather is turning in our favor. Gene Kitchna was able to find his garage entrance and got over that pile of snow to get his vehicle out.

Mike Robison got his T running for the first time since November. We're waiting to see those green rims! He put in a new head and, according to Mike, is running really poor. He's only able to get to 45 mph. Mike needs all the sym" pathetic" help you can provide during this emotional time of transition.

Nan's Tweety Bird is sprouting new feathers with the frame getting powder coated and to be re-assembled soon. She won't need to rely on that Radiator to hold the frame together anymore.

We were delighted to see the "Wuz Fuzz", Glen Whiteley, on a Tuesday night! We hope he becomes a frequent visitor and brings in the Paddy Wagon for those rough nights. It may be needed for the April Fool Tour. Heard there may be alot of fools roaming around out there.

The snow is melting fast so dust off that car, put in some gas and oil, check that radiator and bring it in (drive / tow or maybe both?). It's ready for that tune up / fix up / build up.

If you need to work on your T, perform tuning, help out or need help, want to learn something new or just to hang out with some really cool people (we still know who we are) then come on over and join us. Follow it up with "Burger Time".

If you have questions, call Tom or Mike at the Antique Auto Ranch, (509) 535-7789. They're located at 2225 N Dollar Rd, Spokane Valley, WA. 99212 or are available on the website at <http://www.antiqueautoranch.com>

**T-R"ides Of March" Tour**

Eight Model T's and one Model A ventured out in the brisk late winter air for the first tour of the new touring season to celebrate an early St. Patrick's Day. Everyone gathered at the Antique Auto Ranch and, after a briefing by Pres. Erik on a fun game that we would all be participating in during the tour - something about being a Senator, Brutus, or Caesar, (we're still not sure what happed to St. Patrick??), we headed over to the Otis Grill in Otis Orchards for a great lunch. The game moved on with 4 of the participants (Gene K., Rick C., Mark H., and Jim P.) being tagged as possibly being either Caesar, the King, or Brutus, the betraying evil guy who stabbed Ceasar in the back when he asked his "loyal" friend to help him. All of the other "Senators" were trying to determine who amongst the 4 were Ceasar and Brutus. A lot of politicing took place by the 4 to convince everyone else they weren't one of the two characters.

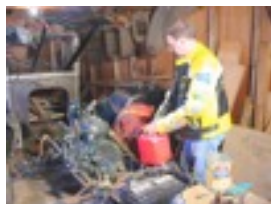

Anyway - we headed back to Felts Field to join in on the first public showing of Addison Pemberton's newly restored Boeing 40-C, the Boeing Company's first commercial airliner originally built in 1928. Addison has been restoring this airplane over the past 9 years and it took its first flight about on March 2nd. It is a 4-passenger bi-plane with an exterior cockpit for the pilot. This particular plane crashed near Mt. Hood, OR 6-months after it was built and it was found about 10 years ago and purchased by Pemberton for restoration to become the only flying version of the Boeing 40-C. To see video of it's first flight and photo highlights go to <http://home.comcast.net/~biplane0/> Many of us saw this plane under restoration about 4 years ago during a tour to Pemberton's hanger, so it was a real treat to see it now fully restored and flying.

It was a great tour with the weather cooperating, turning warm and sunny. Many thanks to Mark and Erik for organizing this tour! By the way - Mark turned out to be Brutus and Gene was Ceasar (to everyones surprise!).

**The Nelson T has roared to life!**

Craig Nelson and his mom, Loretta Nelson, have brought life back to their T. With the help of Alan Stacey and Karey Tritt the 26 Roadster T was fired up and ran really well once it spit out a 12 inch hornets nest through the tailpipe. Progress is being made and the plan is to get Craig and Loretta on the road for this Summers touring.

## I KNEW THAT!

From PBS TV's

### Why Mature Men Don't Ask for Directions When We're Lost

Okay it all comes down to pride. We're out there driving around in our own vehicle, burning gas, wearing sunglasses, looking good.

People who see us driving by would never guess that we have no idea where we are. And we don't want to tell them. Men

don't enjoy the concept of going up to total strangers and saying "You may not know this but I'm a moron."

In contrast the woman we're traveling with is often very anxious to share this knowledge with the world. It somehow eases her burden.

To women, getting lost on a trip is a blameless act of nature - to men it's a personal failure. He knew where he was when he left home - he doesn't know where he is now.

Somewhere along the line he crossed the line from the world he knows into the world he doesn't know. To a man this is how he felt when he got married or had kids. If he admits he's lost in the car, he'll have to admit that he's lost everywhere and that's way too much to ask.
