VETERANS DAY

Veterans Day is much more than a day off from work or school. We owe our freedom to those who served protecting the rights we enjoy and sometimes take for granted. This editor thanks all veterans and those who acknowledged them on their day.

Where did I put that?

THANKSGIVING QUOTES

Frank A. Clark

If a fellow isn't thankful for what he's got, he isn't likely to be thankful for what he's going to get.

William Faulkner

Gratitude is a quality similar to electricity: it must be produced and discharged and used up in order to exist at all.

May your stuffing be tasty

May your turkey plump,

May your potatoes and gravy

Have nary a lump.

May your yams be delicious

And your pies take the prize,

And may your Thanksgiving dinner

Stay off your thighs!

Prez report

Well the monsoon season is upon us it looks like. Oh Well, there's work to be done inside. This is the season if you need help on Tuesday nights, sometimes people are just waiting to help. If not its an early burger time.

Enough from me. See everyone at the December meeting.

Left Over Thanksgiving Turkey Sandwiches

- Left over turkey
- Mayonnaise
- Sweet pickle relish
- Celery salt
- Salt and pepper

Cut the left over turkey into chunks to fit into your meat grinder. Grind enough meat for the number of sandwiches you are making. Add enough mayonnaise to make a spreadable mixture. 3/4 cup mayonnaise to 1/2 cup ground turkey. Season with celery salt and salt and pepper. Stir in sweet pickle relish. 2 tsp per 1/2 pound of turkey. Spread mixture on

Evening Mesh Handbags

Exotic Mandalian Birds of Paradise Enamel Mesh Purse

Metal mesh bags were hand made by skilled gold and silversmiths as early as the 1820's. In 1909, the mesh making machine was invented by A.C. Pratt of Newark, New Jersey.

By 1912, mesh handbags had become extremely popular and in demand. The Whiting and Davis Company, located in Plainville, Massachusetts is the oldest purse company in the US and is responsible for a great variety of exceptional mesh purses.

Gorgeous 1920 Whiting & Davis Art Deco Enameled Mesh Purse

By the 1920's mesh bags were offered in a large spectrum of colors and fashionable designs, including enameled, Dresden and pearlized enamel finishes.

Most of the bags made from 1929 to 1932 were patterned by silk screening where the baby ring mesh took on a soft, hazy, romantic appearance much like a blurred water color. This technique was done by hand over several days of applying one color at a time and allowing 24 hours of drying between colors.

FW: Hub Caps, Model T Enquiries

Hello from the Carbon Canyon Model T club! (www.carboncanyonmodelt.com)

I have a Canadian built 1927 Touring with wire wheels. I am looking for hub caps that say "Ford" on them... I need a set of 5. Do you know where I might get some? This side of the border has been a great disappointment to me! Thanks!

Subject: Model T parts

Hi, it's Teri Holt in Medicine Hat again!

We have discovered that 1925 Tudors are not very common and we are having a bit of trouble finding the door latch mechanisms for ours. They are unavailable at George Moirs (He can't even think of anyone who has a 25 Tudor!) Also the rear side window molding that runs along the top of the window inside is missing on our car. If anyone in your club has these or knows where we may find them, could you please pass on our email address to them. It is possible that the 1924 parts may work as well for these, (wood doors) but we are not sure. Any help would be greatly appreciated. Thank you for your time. Sincerely,

Teri Holt

FW: Model T enquiries

We are restoring a 1925 Model T Tudor. So my first question is "What color were the engines for this car?" We have seen various colors and are not sure if there is an actual correct color for the engine. Ours is a Canadian model in case that makes a difference. Also are there any significant differences between a 1924 and a 1925. We were told it was a 1924 when he bought it, but we were told the serial number on the engine is a 1925 number - C574407. Can you verify this? We were just wondering if there was anything noticeably different between the two years so that we could verify the right year for this car. Any information on the above questions would be greatly appreciated.

Thank you very much.

Sincerely,

Teri and Fred Holt
