Economy Drive Runs Outs Of Gas!

Another Economy Drive was a complete success with 13 - T's on November 5th. While it was cold, the weather did cooperate. We toured from Albertson's at Argonne out to Greenbluff. We also had guests from the Misfires the two groups toured with us. They also did the scoring on the run. While we did run out of gas, the neighbors in the area found us interesting. Dave stated that several people stop to tell him that several cars just like his was on the side to the road and they might need some help. This years results are as follows.

The meeting for December will be held at the Opportunity Presbyterian Church at 202 North Pines. Meeting starts at 7:30pm on the first Friday in December. See you there.

While Jillian Caples and Dave Robison also toured with the group, Jillian could not wait for the Misfires to check her mileage. Dave had the very important job of making sure the hotdog were cooked to perfection. At the end of the tour Dave had the hotdog hot and ready to eat and the chip and plates ready to go. Great Job! The Misfires thought that was great fun and would do the tour again for us.

A Remedial - 2007- Dues Are Due: It's that time of year again. Your 2007 Spokane Model T Club dues are now due and must be paid by Jan. 31, 2007 to be included in the 2007 club roster. Please fill out the roster update form in entirety and turn it in only when you pay dues. Several members last year didn't get their new email addresses or phone numbers (cell and home) included in the new roster because they didn't fill the form out in entirety. If you are a "LIFE" member (spouse of a deceased member or over 80-year's of age) than your dues are free. If you fit into this category but your mailing label doesn't indicate "LIFE" on it, then let Jim Patterson know by emailing him at jim-bet@cheneycable.com or calling him at 299-7357. If you're a "LIFE" member but no longer wish to receive the monthly **FENDER CHATTER**, please let us know so we can remove you from the mailing list. Several members have indicated that they prefer to get the newsletter from the club's web-site at www.spokanemodeltclub.com and save the club the printing and postage costs. In doing so, they usually are able to get the newsletter a couple of days earlier than the mailed version. Please indicate on the roster form if you want the email or the mailed paper version of the newsletter

President's Monthly Chatter:

President's Message - Nov 2006 - President's Message-

Dec 2006 - We had a very successful Tom's Turkey Drive this month. Several car clubs participated and many donated cash to help ensure that a large number of Spokane families will have a happy Thanksgiving. I am pleased that our club contributes so much to the community during the year. We visit retirement homes, collect money on street corners for special schools, sponsor car shows with proceeds going to charities, present educational programs to schools, help sponsor a college scholarship and donate cash directly to charities. These are some examples of how our club improves our community. The holiday season is here and I hope all our members continue to help their friends and neighbors over the holidays and throughout the year.

Merry Christmas and a Happy New Year

Tom's Turkey Drive Open Car Show For Second Harvest Food Bank

Tom's Turkey Drive and open car show drew 51 cars from a lot of car clubs and individuals. There were 15 member from the Model T club there with Glen and Hazel being the first from the club out side of Dan, Alan and Suzie to arrive. There were a lot of catching up to do with old friends and the new ones that stop by to see the cars and ask questions. We past the can in the parking lot and collected an additional \$165.00. Then Wayne from the INCC stop by just to say "Hi" and gave us additional \$200.00 to add with the \$300.00 from the T club, \$100.00 from the CARS Club and another check from Summit Rehabilitation. So the grand total of \$865.00 was given to Second Harvest. Tom Sherry was very happy to see that again the Model T Club know how to help the community. Thank you to all the came out to support this cause and that helped with what ever the 2nd Harvest crew would let us. When we left last night there was 6946 meal that were donated and \$49,650.00 to help with the families in our community. THANK YOU!!

Step toe-Planting : Good Tour - On Saturday, October 21, Marith McCoul organized a tour to Steptoe where we were met by Alan McSweeney who guided us through the back roads to a large field that was being plowed by a gaggle of antique tractors. A local farmer invited his friends to bring their antique equipment and have a social get together and plow a field while they were there. We were invited to attend and were treated to good fellowship, good food (those farmers wives can sure make an apple pie) and a display of how well the old farm equipment could work the land. We thank the sponsors for treating us to good time like they did it 50 years ago. If we should be lucky enough to be invited again next year - don't miss it! -

Tuesday Night : Still Rolls Around

On Tuesday Oct. 31, there were a few of the regulars. Alan Stacey, Craig Nelson, Dan Coslic, Rick Carnegie, Allen Henzen, Mark Hutchinson, Jillian Caples, Mike Robison and of course Tom Carnegie. We did have work, but burgers were on their the minds. Dan, Rick and Alan worked on their "T" for the Economy Tour. Dan Coslic learned how to work on his rear wheels. This is a great tool for people who want to learn how to work on "T"s. Others who can teach, can pass on their knowledge. The guys made me put in the picture of Alan as he is always taking their picture and putting them in.

Turbo - "T" ????

Mike Robison has a idea. He thinks he may knows to adapt a Turbo drive from a modern car to a T. He is working on this idea on Tuesday Nights. He is getting a lot of ideas from all the others, too. We will see. Will this work? Come out and see if this idea is up to speed.

Here is a business you might want to check out as they can rebuild older radiator and custom build that brass or black radiator at a reasonable price. They also do boiling on tanks. They will use your diagrams or specs to build the radiator. They will do their best to beat any reasonable cost. They did a very great job on the gas tank and radiators for us. They will do the same for that newer car as well. **Please let them know that you are a member of the T**
